All contributors were residents of the Bangor, Maine area at the time of story submissions.

What does the title *A Quiet Blue Wheel* mean? To each writer in this anthology of Bangor, Maine-area writers, it means something different, so come and explore their quiet blue wheels.

It's a blue ship's wheel in a painting that *might* exist.

It's a beloved blue spinning wheel of a New World immigrant.

It's a street called Blue Wheel Drive, where two unlikely friends meet.

It's a wheel of blue cheese at the site of a sudden death – or murder.

It's a blue wheel in a hay baler that took a man's life in rural Maine.

It's a pair of blue wheels in two intertwined realities.

It's a blue wheel on an old safe, at the center of an old mystery.

It's a wheel of blue granite surrounding a grave in an old cemetery.

It's a big blue pillow a tiny elephant uses as his security blanket.

It's a metaphorical blue wheel in the life of a horse-riding woman.

Through ten very different interpretations, there's a story for everyone in *A Quiet Blue Wheel*.
